

“Evidence-based practice increases healthcare quality and safety, decreases costs and empowers clinicians to be freely engaged and excited when they come to work every single day.”

- Bernadette Mazurek Melnyk

Elevate your practice to transform healthcare by making EBP a reality in your organization.

This five-day intense workshop provides a “deep dive” into evidence-based practice. Participants learn the step-by-step EBP process as well as effective strategies for implementing EBP in clinical or academic organizations of any size or level of complexity. Participants will develop an action plan for implementing and sustaining EBP changes and transforming organizational culture. Internationally renowned EBP experts and mentors work in small groups with participants to ensure individualized attention and success.

Our Immersions are offered in three unique formats:

In-person:

- Come to the Fuld Institute for EBP in Columbus, Ohio
- Engage with renowned EBP experts
- Develop a network of EBP practitioners as you embark on your EBP journey together

On-site at your organization:

- Bring our EBP experts and Fuld Facilitators to you
- Customized to meet your organization’s specific needs
- Engage with renowned EBP experts
- Develop a network of EBP practitioners at your organization

NEW Virtual Immersion:

- The same great content as the Columbus, Ohio immersion
- Engage with renowned EBP experts at your location of choice with this online format
- Reduce costs by eliminating travel

Benefits for completing this program include:

- Over 40 contact hours of nursing continuing education
- Opportunity to network with EBP practitioners, leaders and educators from around the world
- Free one-year membership to our EBP HQ to complete your EBP initiative
- Lifetime access to monthly EBP webinars and other resources
