Making evidence-based practice a reality in your organization

“EBP is a problem-solving approach to clinical practice that integrates the conscientious use of best evidence, clinician expertise and patient preferences to make decisions.”

Lynn Gallagher-Ford

Our 2019 Columbus, OH workshops - March 4-8 | May 13-17* | July 8-12 | September 30 - October 4

This workshop provides a “deep dive” immersion into evidence-based practice. Participants learn the step-by-step EBP process as well as effective strategies for implementing EBP in clinical or academic organizations of any size or level of complexity. Participants will develop an action plan for implementing and sustaining EBP changes and transforming organizational culture. Internationally renowned EBP experts and mentors work in small groups with participants to ensure individualized attention and success.

Benefits include:
- 37 contact hours of nursing continuing education
- opportunity to network with EBP mentors around the world
- lifetime access to monthly immersion reconnect webinars, email lists and other EBP resources

Visit fuld.nursing.osu.edu to register. For more information, contact Kristen Bailey, at Bailey.1386@osu.edu or 614-292-4843.

* May 13-17 workshop is dedicated to inter-professional academic attendees.

A leader in driving evidence-based decision-making to transform health and improve lives throughout the world

fuld.nursing.osu.edu
