Helene Fuld Health Trust National Institute for Evidence-based Practice in Nursing and Healthcare

is a national hub for the formation, teaching and dissemination of best practices to improve healthcare quality, safety, costs and patient outcomes. Its cores include transdisciplinary clinical practice, academics, policy, community and EBP implementation science.

For more information about our services, or to set up an appointment or consultation, please scan the QR code, or contact us via the phone number or email below.

Leaders at the Fuld Institute for EBP believe evidence-based practice is essential to achieving the quadruple aim in healthcare.

THE OHIO STATE UNIVERSITY COLLEGE OF NURSING

Helene Fuld Health Trust National Institute for Evidence-based Practice in Nursing and Healthcare

Our mission is to dream, discover and deliver a healthier world through transdisciplinary education, research and policy focused on evidence-based decision making. We're furthering this mission through the programs and services offered in this brochure.

Programs

Continuing Education (CE) Opportunities

Fuld Institute for Evidence-based Practice (EBP) 5-day Immersion

- Available at our institute in Columbus, virtually online or onsite at your organization
- Onsite organizational immersion can include an EBP consultation and implementation follow up
- Three specialized tracks to choose from:
 - **Mentor** – intended for individuals who will be working directly with other clinicians and helping them implement the EBP process in daily practice settings
 - **Leadership** – intended for individuals who are in formal/informal or traditional/non-traditional leadership roles who will be working within their organizations to move EBP forward
 - **Academic** – intended for faculty and clinical educators who will be teaching and/or developing EBP courses, as well as integrating EBP throughout curricula in educational programs at all levels
- Immersion Reconnect Webinar Series access

Leading EBP

- A two-day program to understand and affect culture change, sustainability and dissemination on an organizational level
- This program crosses all disciplines and levels of leadership
- Offered at the Fuld Institute for EBP in Columbus, virtually online or as an onsite organizational program
- Available as a stand-alone or add-on to our onsite organizational immersion

Biennial EBP National Summit: Transforming Healthcare Through Evidence-based Practice

- Learn and share best practices on EBP in clinical practice, academic, leadership, policy and community settings with colleagues from across the globe

Teaching EBP in Academic and Clinical Settings

- Strengthen competence in teaching and mentoring learners in EBP
- Develop EBP curricula while promoting enculturation of EBP in educational settings in academia and practice

Modular EBP Program

- This self-paced online program is available for individuals who are interested in enhancing their EBP knowledge, skills and attitudes, as well as organizations that are interested in building, enhancing and sustaining a culture of evidence-based practice

Overcome Barriers to Implement and Sustain EBP

- Introduction to the implementation science field
- Available at our institute in Columbus, virtually online or as a self-paced online program for individuals who are interested in overcoming barriers to implementing EBP initiatives

Systematic Review Workshop

- Conduct a systematic review of intervention studies using the Cochrane Collaboration methodology
- Available in Columbus or virtually online

Non-CE Programming

EBP Basics Free Online Course

- Provides a foundational overview of EBP in nursing and health sciences, including the seven steps of the EBP process and research supported strategies for implementing EBP in real world settings
- The course is taught by internationally renowned experts in the field of evidence-based practice

Evidence-based Practice Certificate

- The only globally recognized EBP certificate
- This certificate recognizes demonstrated expertise in EBP and denotes that the successful applicant has completed the required education component

Fuld Webinar Series

- Learn about the latest developments, initiatives and progress in our core areas
- Stay abreast of national and local policy activities related to EBP
- Get the most current information and latest developments in EBP from national studies
- Stay connected with the Fuld Institute for EBP
- This series is free of charge and open to anyone

Resources

EBP Organizational Services

We will help you navigate the challenges of transforming your organization into an evidence-based enterprise regardless of setting, size or EBP competency. Organizations may choose to combine offerings for a customized approach to EBP. Contact us to discuss your needs.

- Organizational EBP Readiness and Implementation Assessments
- Research studies related to EBP
- Evidence-based Leadership (one-day onsite)
- EBP Competency Integration (one-day onsite)
- Enhancing Academic Practice Partnerships through EBP
- EBP Integration Assessment (course and/or curricular level)
- Implementation Strategies (one-day onsite)
- Assessing Cultural and Behavior Change Barriers and Facilitators
- Implementation Models and Science Opportunities

DNP Postdoctoral Fellowship

To advance healthcare delivery and/or population health outcomes in real-world settings, this one-year, mentored fellowship creates DNP experts around the world who:

- Accelerate the translation of evidence into practice
- Leverage the synergies between EBP, research and quality improvement

EBP HQ

The EBP HQ is a one-of-a-kind resource hub offered to individuals and organizations. This includes:

- EBP and Implementation and Sustainability Toolkits
- Links to all recorded educational webinars
- PICO(T) Networking Hub (database of over 1,500 project entries)
- EBSCO Resources (DynaMed Plus and Nursing Reference Center Plus)

A one year complimentary access pass to the EBP HQ is given to those who complete the immersion and is renewable as an individual or organization.

Grant Opportunities

Take advantage of this funding opportunity to stimulate and advance EBP and implementation science in nursing and healthcare across the United States.

- Receive funding for your EBP Quality Improvement or Research project
- Present your findings at biennial EBP National Summit
