

# Overcoming Barriers to Implementing and Sustaining EBP in Clinical Settings:

*An online modular program to apply evidence-based practice strategies that work!*

Join our EBP experts as we explore a systematic approach and hands on application for implementation of evidence-based practice in clinical settings.

**Lynn Gallagher-Ford**

PhD, RN, EBP-C, NE-BC, DPFNAP, FAAN

**Penelope Gorsuch**

DNP, RN, NEA-BC, EBP-C, FACHE

**Molly McNett**

PhD, RN, CNRN, FNCS, FAAN

**Sharon Tucker**

PhD, APRN-CNS, NC-BC, EBP-C, FNAP, FAAN

## Topics include:

- An introduction to the field of implementation science
- Implementation science strategies and application for EBP in healthcare settings
- Evaluation and sustainability
- Dissemination and recognition

Attendees are encouraged to bring specific evidence-based initiatives for application of content to current clinical scenarios and individual consultation.

## HOW:

Register for this online, self-paced four module course at [go.osu.edu/implementebp](https://go.osu.edu/implementebp).

## FEES:

\$200 or \$150 for students with proof of current enrollment. Contact Casey Jacobs at [jacobs.624@osu.edu](mailto:jacobs.624@osu.edu) for registration questions.

This program offers continuing nursing education contact hours. For CE, registration and other information, please visit [go.osu.edu/implementebp](https://go.osu.edu/implementebp).
