

Evidence-based Practice

The online, self-paced experience

This online program is available for individuals who are interested in enhancing their EBP knowledge, skills and attitudes, as well as organizations that are interested in building, enhancing and sustaining a culture of evidence-based practice.

This program has been developed at The Ohio State University by the Helene Fuld Health Trust National Institute for Evidence-based Practice in Nursing & Healthcare.

Powerful solutions for evidence-based practice

Program overview

- 14 self-paced online modules
- up to six months completion time
- certificate of completion awarded

Methods of instruction and evaluation

- online modules
- post-tests
- activities

Module topics

Making the case for EBP	Review of research methods	Outcomes: What they are and why they matter
What is EBP? Where does it fit?	Critical appraisal overview	Implementing a practice-change
Organizational assessment	Critical appraisal of intervention studies	Understanding change
Clinical inquiry & PICOT questions	Evaluation & synthesis of evidence	Creating a vision for EBP & dreaming past the possible/dissemination
Searching for evidence	Integrating evidence into decision-making	

For you to participate in the program, you will need:

- access to and use of e-mail for communication
- access to a high-speed internet connection
- access to productivity tools (Word, Excel), Adobe PDF Reader

Individual program fee for this online program is \$350 per person.

For organization program pricing and information, or questions about this program, contact Kristen Bailey at Bailey.1386@osu.edu or 614-688-4843.
